Re S.W. $\frac{1}{4}$, 12-14-24-W. 4th Mer.,
 N. $\frac{1}{2}$, 6-14-23-W. 4th Mer.,
Robert Knox,

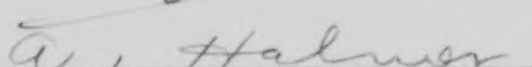

The Seed Grain and Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that the liens, Municipal Seed Grain and Joint Relief, charged against the S.W. $\frac{1}{4}$, 12-14-24-W. 4th Mer., and the N. $\frac{1}{2}$, 6-14-23-W. 4th Mer., for advances made to the late Robert Knox, be discharged.

The Board submits the report of the Director, Debt Adjustment Act, dated March 17th, 1930, which report gives full details of all liens registered against the said land and states in support of the recommendation:-

1. That prior to the advances being made the debtor mortgaged all of the said land to various Mortgagees, and that such mortgages had priority to the liens.
2. That all Mortgagees have foreclosed upon their security and that by such foreclosure have become the registered owners of said lands, and that by such foreclosure all liens have been eliminated therefrom.
3. That the debtor died some years ago, leaving no Estate from which collection could be made under the personal covenant of the late debtor.

The Board therefore recommends that all liens charged against the said lands be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

The Board submits the following in support of this recommendation:-

1. That prior to the advances being made the debtor mortgaged all of the said land to various Mortgagees, and that such mortgages had priority to the liens.
2. That all Mortgagees have foreclosed upon their security and that by such foreclosure have become the registered owners of said lands, and that by such foreclosure all liens have been eliminated therefrom.
3. That the debtor died some years ago, leaving no estate from which collection could be made under the personal covenant of the late debtor.

The Board therefore recommends that all liens charged against the said lands be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

The Board also recommends that the Municipal District of Harmony No. 128, be discharged from any further liability to the Province of Alberta, in connection with the said liens, and that the total amount payable thereon be written off as uncollectible, as the financial affairs of the District are such that it is not possible for the said Municipality to make any further payments on account thereof.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and write about it. They are interested in the events that have shaped the world and the people who have lived through them. They use a variety of sources to gather information, including books, documents, and artifacts. They then analyze this information and write books or articles about it. Some historians focus on a specific time period or event, while others focus on a specific region or people. Some historians are more interested in the political and social aspects of history, while others are more interested in the cultural and intellectual aspects. There are many different types of historians, and each has their own special interests and methods.

General Check of Records.

Sec. 4-39-26 W. 4th M.

Some time ago the Agent of Dominion
Lands, Calgary, reported this land was worth
more than ordinary homesteading land.

It appears, however that your Branch
requested that the land be reserved pending the
advisability of having it in the Red Deer Canyon
Parks Reserve.

Kindly inform me whether the land
is definitely or permanently included in this
reserve, or whether, in view of the policy of
securing as much land as possible for soldiers,
there is any possibility of discontinuing the
present reservation for the purpose of handing
the land over to the Soldier Settlement Board.

Fr. Sec. 29-38-26-4.4th M.
Fr. 2.2 32-38-26-4.4th M.

The above described lands were formerly reserved at the Red Deer Canyon for park purposes but on the 10th March last, the Deputy Minister advised the Senate of Dominion Lands that it had been decided to cancel this reservation.

In reply to a memorandum from this Branch Mr. Rollins of the School Lands Branch advised that no land was ever selected in lieu of Fractional Section 29, Township 38, Range 26, West of the 4th Meridian to reimburse the School Lands Department.

I propose that the land should now be noted vacant and available School Land.

The remainder of the lands namely Fractional Section 4, Township 39, Range 26, West of the 4th Meridian and Fractional East Half of Section 32, Township 38, Range 26, West of the 4th Meridian are situated near the town of Red Deer and the Soldier Settlement Board has asked that these lands be transferred to the Board under the Order-in-Council of the 30th October, 1918 to be specially dealt with by them.

Kindly advise if the School Lands Branch may be instructed that Fractional Section 29, Township 38, Range 26, West of the 4th Meridian may be noted as vacant and available School Land and if the other parcels may be transferred to the Soldier Settlement Board.

Homestead - Thomas M. Hughes.
Date of entry - 23rd August, 1912.

Cancellation proceedings were instituted against the entry on behalf of Mr. H.C. Wilson on the 8th September last.

The homesteader had filed a defence in which he claims that he has been residing on the S.D. 3-39-27- .4th E. purchased through the Soldier Settlement Board from date of filing.

In answer to question 17 he states:-

"I had no crop to speak of last year, but average 11 bushels an acre, therefore, I had no feed for my horses this summer and no money to buy any so my horses got too poor to work and I had no money to hire it done or I would have had it broken, so if I could get permission to let the ten acres rest over till next year I will break out the required amount and as much more as possible as my crop is fairly good this year."

In view of this statement, please say if this man should be given to the 1st June next to furnish the Agent of Dominion Lands at Calgary with satisfactory evidence that he has broken twenty acres or the equivalent thereof.

Dear Sir,-

On behalf of the local members of the Alberta Natural History Society, I would like to ask your consideration of the following remarks relating to the Canyon of the Red Deer River.

About 6 miles east of the City of Red Deer, the river cuts through a long high ridge - locally known as the Divide.

The banks here rise to a height of some 400 or 500 feet with steep cutbanks and coulees.

The scenery here is very fine and the Canyon has been a favourite picnic and berry-picking resort ever since this district became settled.

The wildest and most picturesque stretches lie in sections 29 and 32 in township 39, range 26 west of the 4th meridian.

Large areas of these sections are as lately useless for agricultural purposes - evidenced by the fact that they are still Crown lands.

One of the most favoured spots - to which there is a good road from Red Deer - is in the southern portion of section 29.

On a recent visit, I was surprised to find this portion fenced and understand that the land has been leased for grazing purposes.

The attached letter is a copy of a letter received from Mr. J. W. Snell, of Red Deer, Alberta, on behalf of the local members of the Alberta Natural History Society, suggesting that the above described lands at Red Deer Canyon be reserved for park purposes.

On the 26th March, 1908, Section 4, Township 39, Range 26, West of the 4th Meridian, Section 29 and east half of Section 32, Township 38, Range 26, West of 4th Meridian, were reserved by order of the Minister for the preservation of the canyon. These areas were originally reported as being desirable for park purposes for the benefit of the people of Red Deer and Vicinity. In 1920 it was decided to withdraw the reservation for park purposes in order to make these areas available for soldier settlement.

This would appear to be a matter for the consideration of your branch. So far as this Branch is concerned I think this area might be considered of purely local interest and if a recreational area is desirable it should be taken over by the local municipality.

John W. Snell

2.

A large portion of the Canyon Parks are clothed with heavy brush and poplar timber which makes an excellent natural sanctuary for the wild life of the district.

I had the pleasure of spending a short time at this spot with Mr. P. A. Taverner in 1925 and I am sure he would be glad to corroborate this statement.

It seems rather a pity that for the sake of some poor grazing, the public should be denied access to this beauty spot.

I would like to suggest that you have an officer of the Parks Branch look over this land with a view to having a portion of it set aside for Parks purposes.

If such could be done, I am sure it would be a permanent boon to the residents of this district.

Our Society would be glad to co-operate with you in any way to this end.

Memorandum.

Referring to your reservation of the 24th ultimate hereunder in regard to the setting aside of the above mentioned land for a portion thereof for park purposes, I might state that according to our records a portion of this Section was reserved some years ago for Canyon Park, but the reservation was cancelled in March, 1901.

With reference to the suggestion of Mr. Harkin that this matter is one of purely local interest and that the local Board of Health should be the local Municipality, or county, or province, in such arrangement were submitted to the Municipality, offer the Section or certain portions thereof to be at public auction, in order to afford the Municipality an opportunity of acquiring same.

It, however, the Minister cancelled the setting aside of this land for such purposes to be in the public interests, I think it might be so set aside, provided, of course, lands of equal value are first selected and size, let us School Lands, in order to reimburse the School Lands Endowment Fund for the relinquishment of this Section, or such portion thereof as it may be decided to set aside for park and recreational purposes.

I am enclosing, herewith, a sketch showing the Section as per the Township plan of survey and might state that portion to the West of the River is held under permit for the current year by Mr. A.D. Bower of Red Deer, Alberta. The regulations, however, provide that the permit is liable to cancellation at any time that the Minister decides to dispose of the land by public auction or in any other manner.

Memorandum:

Mr. Hume.

Pr. Sec. 32-38-26-W. 4th M.

In compliance with the Asst. Commissioner's request of the 7th instant, I am submitting herewith a sketch and statement showing the standing of the above described fractional section.

According to information on files here-
under the W. $\frac{1}{4}$ 32 is patented. The E. $\frac{1}{4}$ 32 was reserved
in 1908 in connection with the proposed park at Red Deer
Canyon. This reservation was relinquished by Parks Branch
in 1920 and the half section was transferred to the
Soldier Settlement Board under authority of the Order-in-
Council of the 30th October, 1918. The lands were re-
transferred to this Department on the 31st May, 1921 and
posted for settlement.

The N.E. $\frac{1}{4}$ 32 was entered for as a home-
stead by James Jeffrey Kitchen in 1911 and was patented
on the 19th October, 1916. The S.E. $\frac{1}{4}$ 32, East of River,
was entered for as a homestead by Thos. H. Hughes in August,
1922 and he has secured advances from the Soldier Settle-
ment Board to the amount of \$6,500.00. From evidence on
file it would appear that Mr. Hughes is in default regarding
the performance of duties.

The only vacant land in this section
would appear to be that portion of the S.E. $\frac{1}{4}$ 32, West of
River, containing an area of approximately 16.9 acres,
coloured red on sketch hereunder. That portion of the
N.W. $\frac{1}{4}$ 32, East of River, was apparently disposed of to
Mr. Robinson, the patented holder of that portion West of
River.

MEMORANDUM:

Ottawa, 11th April, 1927.

Mr. Rollins. Re - Frac. Sec. 29-38-26-W.4th M.

Referring to your memorandum of the 6th instant, on File #5495 S.L., herewith, the application of Mr. C. H. Snell of Red Deer, Alberta, to obtain the fractional land for recreational purposes having been forwarded here by the Commissioner of Canadian National Parks is taken as an indication that it is not the intention of that Administration to favourably consider the application to set the land aside for park purposes.

Furthermore, it is contrary to the policy of the Department to set aside small areas for park purposes in view of the necessary expenditure required in the maintenance thereof.

Would you kindly furnish Mr. Snell with full information of the terms and conditions under which the land might be obtained for recreational purposes under the Order-in-Council in that regard, with advice that the application, as affecting fractional Section 32, has been referred to the Controller, Land Patents Branch, with a request that he be fully advised therein.

Assistant Commissioner.

Mr. C. C.

Mr. C. M. Shell to have the land set aside for recreational purposes.

Would you kindly furnish Mr. Shell with the information as to the terms and conditions under which the material is acquired for recreational purposes under the Order-in-Council in that regard.

Commissioner.

The Board holds no other land security as the 3-32-27-1.4th which was purchased for the settler has been sold.

The Board reports that as the settler failed to make his payments and secured a job in a distant part of the West his farm was lost in 1926 and 1927. The Adjustment Committee considered this a hard case on the 25th April, 1927 and as the settler was in arrears for \$400.00 an appeal was made and adjustment proceedings were instituted. 11th October, 1932.

Dear Mr. Coote,-

I have your letter of the 7th instant respecting the naturalization certificate of Mrs. Helena Kynia Olsen.

According to the records of the Department Mrs. Olsen obtained homestead entry for the North East quarter of Section 24, Township 18, Range 27, West of the 4th Meridian on the 19th September, 1904, her application being taken by Mr. W. E. Holmes, Sub-Agent at High River. On the 23rd August, 1905, Mrs. Olsen's entry was cancelled for non-fulfilment of the conditions of the homestead provisions of the Dominion Lands Act and insofar as can be ascertained from the Departmental records which have not been turned over to the Province, she did not take up another homestead.

In making application for homestead entry Mrs. Olsen stated that she was of American nationality and from Utah, U.S.A., and in a sworn statement of the 19th September, 1904, she described herself as a widow, 59 years of age, with a daughter aged 14 years dependent upon her for support.

There is no record of Mrs. Olsen's naturalization certificate having been received in the Department. It was not necessary for her to produce such certificate at the time of obtaining entry but only before securing homestead patent.

Yours very truly,

G. G. Coote, Esq., M.P.,
House of Commons,
Ottawa.

The Tax Consolidation Board, hereby recommends that the balance payable on the advances charged against the S. $\frac{1}{2}$, 30-9-22-W. 4th Mer., and the N.E. $\frac{1}{4}$, 30-9-22-W. 4th Mer., for advances made to Charles M. Nicol, be discharged.

The Board submits in support of this recommendation:-

1. That at the time the advances were made the debtor was the owner of said land and that he is reported to be still interested in the said land.
2. That the land is situate in the Lethbridge Northern Irrigation District, and the claims of that District have priority to the liens, and there is no equity in the land for the balance payable on account of said liens.
3. That the debtor has paid a considerable amount on account of said advances and has now paid a sum equivalent to the total amount of the principal advances received by him, with a fair payment on account of interest, and taking this into consideration it is desirable that he be released from any further liability on compassionate grounds.

The Board therefore recommends that the liens be unconditionally discharged, and that the balance remaining unpaid be written off as uncollectible, also that the debtor be released from any further liability under his personal covenant.

The Seed Grain and Relief Adjustment Board, appointed under Order P. O. 2200, hereby recommends that the balance payable on the Provincial and Joint Relief advances charged against the S. $\frac{1}{2}$, 30-9-22-W. 4th Mer., and the N.E. $\frac{1}{4}$, 30-9-22-W. 4th Mer., for advances made to Charles M. The Board submits the report of the Director, Debt Adjustment Act, dated December 9th, 1931, which report gives full details of all liens registered against the said land and states in support of the recommendation:-

1. That at the time the advances were made the debtor was the owner of said land and that he is reported to be still interested in the said land.
2. That the land is situate in the Lethbridge Northern Irrigation District, and the claims of that District have priority to the liens, and there is no equity in the land for the balance payable on account of said liens.
3. That the debtor has paid a considerable amount on account of said advances and has now paid a sum equivalent to the total amount of the principal advances received by him, with a fair payment on account of interest, and taking this into consideration it is desirable that he be released from any further liability on compassionate grounds.

Dear Sir -

915255

Though I do not wish to abuse of your kindness, I take the liberty to request you to again present the letter inclosed herewith to the Minister of the Interior, concerning the homesteads I asked.

I beseech you also to acquaint yourself with the content and kindly help us by your influence that we might receive a favourable reply.

Your old friend Patrick Bowes, who has worked for fifty years to the civilisation of this country, also hopes that you will obtain us this favor before his departure for a better life.

Believe me Dear Sir -

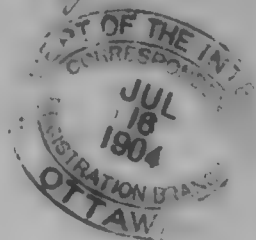

Yours very respectfully

The Honorable C. Sifton
Minister of the Interior
Ottawa.

Dear Sir -

915255

To comply with your kind answer we had taken means to secure the homesteads South East - South West, and North West in the Township 58 Range XIII section 2, and to perform the conditions connected with them. Informations taken we learned that being in an Indian Territory we could not avail ourselves of the provisions of clause 4, "homestead duties".

We then take the liberty to solicit of your authority to grant lands above mentioned in Township 58, Range XIII, Section 2, North West, South West and South East.

It is not with a motive of personal interest that we present you this request, but only for the good of our missionary work, and if I am not mistaken such favor has already been granted to the Catholic mission.

Besides as we the subscribers are willing to renounce our rights to homesteads, and pay all the expenses. You will agree that in granting our request you will lay an antecedent leading to no serious consequences. Therefore hoping you will do so, we beg to remain

the reserve is not a very settled, I wish to secure
an area of which the reserve is all word for the benefit
of the reserve.

But I let the he himself be applied to the reserve
in the case of himself and the reserve. I do not
know whether the reserve is a reserve in the terms in
which it is referred, but I do not think that
some of the reserve is a reserve in the terms of
the reserve, and I do not think that the reserve is a reserve.

Copy for A.D. L. Edmonton.

Sir,

Sent A. J. P.

Replying to your letter of the 8th instant, covering one from the Reverend Leon Balter, P. Bowes and A. Lambert, of Sacred Heart P.O., Alberta, for homestead entries for the N.W. $\frac{1}{4}$, S.W. $\frac{1}{4}$ and S.E. $\frac{1}{4}$, respectively, of section 2, township 58, range 13 west fourth meridian, I am directed to say that these lands are vacant according to the records here and open for homestead entry. As the applicants are apparently living at the Indian Industrial School and Mission on the Saddle Lake Indian Agency their residence at that point cannot count for the residence required on homesteads for the above lands. The Dominion Lands Act in this regard only covers permanent residence on farming land owned by the settler in the vicinity of his homestead. Moreover, it appears that several applications have been received for timber and hay permits for the above section and it is possible that the land would therefore not be on the class open for homestead entry.

Your obedient servant,

Frank Oliver, Esq., M.P.,
House of Commons,
Ottawa.

Memorandum:-

I beg to refer you to Mr. Goodeve's memorandum of the 19th July last, respecting the applications of the Rev. Leon Balter, P. Bowes and A. Lambert, who are living at the Indian Industrial School and Mission on the Saddle Lake Indian Agency, to homestead the N.W. 1/4, S.W. 1/4 and S.E. 1/4, respectively, of section 2, township 30, range 16, west of the 4th meridian, and to submit for your perusal Mr. Frank Oliver's letter of the 24th ultimo in relation to these applications. I think that if it is proposed to consider their applications to purchase these quarter sections, a Homestead Inspector's report should first be obtained as to whether or not the land in question should be reserved from settlement on account of the hay and timber thereon.

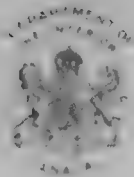

Respectfully submitted,

Jas. A. Smart, Esq.,

Deputy Minister of the Interior.

Dear Sir:

The Sisters of Charity (Grey Nuns) wish to write to you respecting section 1, Township 12, Range 13 West of the 4th Meridian, Saskatchewan. The land has been within the limits of the Indian Reserve since the year 1863. They transferred one of their institutions to the Indian Reserve seven years ago, and have the property of their own there. Some of the Fathers and Brothers in charge of the Mission have purchased sections for part of this section but propose to abandon their claims on the 1st November. The Sisters wish to acquire this section as a means of assisting in the maintenance of their institution and especially to provide a place for the education of the Indians, which sometimes arises over the cutting of hay. The land, they say, is on the whole very poor for agriculture, but would furnish them at least with hay

Dear Sir:-

In reply to yours of June 6th in which you say you have taken as a homestead the S. W. $\frac{1}{4}$ -2-58-13-W. 4th Mer., I note you state you have placed upon it a building and stables and have dug a well and now would like to purchase from the Government. In reply I would beg to say that it will be necessary for you to have some cultivation as well as the improvements you mention before it will be possible to sell it to you. You will understand that the sale is made only as a special case, but it must be according to certain rules. After you have placed sufficient cultivation upon the lands in addition to the improvements you have already mentioned we will sell you the land at \$3.00 per acre, provided you accept it as exhausting your homestead right. This arrangement is exceptional, and it is only entered into in accordance with the information previously given by you that this land is necessary to the maintenance of the mission and school, and is for its benefit.

Yours very truly,

(Sgd) FRANK OLIVER.

Sir,

I am in receipt of your letter of 16th instant enclosing scrip notes Nos. A. 8018 and A. 9044, Christina Flora Munro 240 acres in all, also the letter of Commissioner Greenway to you of 12th instant also returning Miss Munro's former application and some other correspondence.

As stated in the Commissioner's letter to you I have been instructed to allow the substitution of other available lands for those located under scrip notes above mentioned. But there seems to be a misunderstanding about this and in order to ~~prevent~~ avoid any complications I am communicating again with the Commissioner.

The matter stands as follows: Miss Munro's application was made at Saskatoon for the North-West quarter and West half of North-East quarter of 18--45--22, West third Meridian. The application together with the accompanying scrip notes was returned because the lands were not available. It appears to be the impression at Head Office that the scrip notes were located on the land and that it is now desired to substitute other lands for those previously entered for, whereas the fact is that no entries have been made.

Upon receipt of a more explicit direction I will communicate with you again. In the meantime you will no doubt appreciate the

I am sending you herewith an Abstract and Certificate re Thomas Henry Munroe and North-West quarter and West half of North-East quarter of 16--45--22, West of the 3rd Meridian. The fees payable are \$1.00.

I am not sending the abstract and certificate regarding Christian Flora Munroe and the North-West quarter and West half of North-East quarter of 18--45--22, West 3rd Meridian, because that entry was not made and the abstract and certificate would be of no use to you.

The Department has put its foot down on the practice of holding lands before applications for entry have been received and our little office has been obliged to comply with the new regulations in this respect. Otherwise I would be very glad to comply with your request. I enclose a plat showing how the lands of this Township show on our records.

I hope you are still

Minister of the Interior,

Ottawa.

Sir:-

In reply to yours of Feb. 22nd, Ref. Nos. 915281 regarding
Scrip Notes of Mrs Christina Flora Manroe, A3013 & A3044. I may say
that the application for the location of this land was made on 4th, April
1904 and was forwarded to the Battleford Agency the same day. The agent at
Battleford returned the application to me (the land not being vacant)
as he was not aware of the interest of the parties interested in the
application. I had instructions here to forward all records regarding
this scrip to Mr David Phillip, 470 Main St, Winnipeg, and know nothing
further regarding the matter and have none of the records or application
in my possession.

Yours obedient servant,

Robert McIntosh

Sub-Agent Dominion Lands.

Department of the Interior,

Ottawa, 20th March, 1905.

Memorandum:-

With reference to the assistance from Mrs. Christina ^{Munro} Munroe to Mr. David Philip, which was referred to some time ago by Senator Warner together with Mrs. Munroe's scrip notes for 240 acres of land, I have to submit for your perusal the Sub-Agent's letter of the 18th instant, respecting Mrs. Munroe's application to locate her scrip on certain land which it was afterwards found was not available for the purpose. I think that, under the circumstances, if Mr. Philip will file here the usual Registrar's certificate that there are no encumbrances etc., registered against Mrs. Munroe and remit the registration fee of \$2, the applicant in position might be registered in the Department and the assizee permitted to select other land in lieu of that upon which Mrs. Munroe had located her scrip. *In which case the scrip will be returned here and can be used.*

Respectfully submitted,

W.W. Cory, Esq.,

Deputy Minister of the Interior.

Sir,

With reference to the assignment in your favour from Mrs. Christina Flora Munro, which was handed into this Department some time ago by the Hon. Mr. Watson, together with Mrs. Munro's scrip notes for 240 acres of land, I am directed to inform you that it has been decided under the circumstances, provided you will file here the usual Registrar's certificate that there are no executions etc., registered against Mrs. Munro, and remit the usual registration fee of \$2, to register the assignment in question in this Department, and to authorize you, as her assignee, to select other land in lieu of that upon which Mrs. Munro had located her scrip. I may add that the Agent of Dominion Lands, Battleford, has recently forwarded to the Department, as instructed, Mrs. Munro's original application to locate her scrip on the N.W. 1/4 and the W. 1/4 of the N.E. 1/4 of section 18, township 4, range 22, west 3rd meridian, as well as the Sub-Agent's receipt, which was issued to Mrs. Munro, both of which are dated the 4th April last.

Sir,

With reference to your return of the 23rd ultimo, in which you reported the S.W. 1/4 and the S. 1/4 of the N.W. 1/4 of Section 28, Township 45, Range 8, West 4th Meridian, as having been selected by Mr. David Philip as the assignee of Christina Flora Munro, in lieu of the N.W. 1/4 and the W. 1/4 of the N.E. 1/4 of Section 18, Township 45, Range 22, West 3rd Meridian, upon which she had located her half-breed scrip A 8018 & A 9044, which latter land it was found was not available for that purpose, I am directed to say that you no doubt misunderstood the purport of my letter of the 3rd April last, to Mr. Philip, which it is presumed was handed to you by the latter, as in such letter it was stated that it had been decided that, provided the usual registrar's certificate that there were no executions, &c. registered against Mrs. Munro, and the usual registration fee of \$2.00 was remitted, Mr. Philip would be permitted, as her assignee to select other land in lieu of that upon which she had located her scrip, and as these requirements have not yet been complied with, no letter of authority to select other land has yet been issued to Mr. Philip, to whom a copy of this letter is being sent for his information, and in order that he may file here the registrar's certificate above referred to, and remit the usual registration fee of \$2.00. In the mean time, the land which he has selected and which was reported in your return above referred to, will be held for Mr. Philip.

COMMISSIONER

My 2215502

have taken homestead near Edmonton on

51-22 West of 110° . We have

the North half of Section 18 and

are on the shore of Foley Lake.

My own quarter is a good one of
which 3 acres or more in

that season or of late, are under
water.

My brother has nominally
160 acres. But there is a small

piece of shore front between him &

Foley Lake which belongs to a quarter
which otherwise is under the lake.

I do not yet know the actual measurement

of this strip, but no doubt your map
may show. At present there may be
10 or 15 acres perhaps.

I wish to know if this strip can
be reserved for us or else included
in my brother's homestead, for the
following reasons:

1 My brother's summer is an unfortunate
one as it includes a large lake of some
40 or 50 acres, and a large stretch
of marsh land which we had
thought to be on the next section.

2 It would become useful to us in
time as a piece of stone ground & good hay
for the marsh grows no hay.

Hoping that you will give this
matter your consideration & do what you
can for us I am dear sir

Yours truly

THE ASST. SECRETARY.

Mr. John Clothier writes stating that he and his brother have taken up as homesteads the N. $\frac{1}{4}$ of 18--51--22, W. 4th M., and asks if the fractional S. $\frac{1}{4}$ of the same section north of the lake might be reserved for them or included in his brother's homestead for the following reasons:-
(1) His brother's homestead includes a large lake of some 40 or 50 acres, and a large portion of marsh land which they had thought was embraced in the next section; (2) It would be useful to them in time as a piece of shore front and for hay, as the marsh grows no hay.

The parcel applied for, which contains 26.7 acres and is shown hatched in red on the sketch beneath, is vacant in the records of the Department.

Messrs. C. J. and S. M. Clothier obtained homestead entries on the 9th April last for the N.E. $\frac{1}{4}$ and N.W. $\frac{1}{4}$, respectively, of the section in question.

Sir,

Replying to your letter of the 10th ultimo, stating that your brother and yourself have taken up homesteads on the N. $\frac{1}{2}$ Section 18, Township 51, Range 22, West Fourth Meridian, and asking that the portion of the fractional S. W. $\frac{1}{2}$ of the section, north of the lake, may be reserved for you or included in your brother's homestead for the N. E. $\frac{1}{2}$, I am directed to say that the Agent of Dominion Lands at Edmonton has been instructed that he may sell the land applied for to your brother, Mr. S. N. Clothier, at the regulation price of \$3.00 per acre and on the usual terms, the sale to be subject to his earning patent for his homestead. The area of the fractional S. W. $\frac{1}{2}$ north of the lake is 26.7 acres, and I say all that according to the township plan no portion of the N. W. $\frac{1}{2}$ of the section is covered by the lake.

Dear Sir

You notify me to make

I ask the usual terms for payments?

265495

Out of my 160 acres about
100 acres is covered with moss swamp
in the centre of which is a lake of
10 acres. The rest of the land
is cut up in such a way that
I shall find it difficult to cultivate
over 40 acres. The fractional quarter
~~includes~~ a long strip of hay land
without which the rest would
be a poor homestead indeed. I am
quite aware that I have no land

on the Government, yet as the
government endeavours to regard the
welfare of each settler, I ask that
my case be looked into and that
the price be included without extra
charge.

Had my homestead been
good I doubt if I should have applied
at any rate. I would not have
questioned the price. But considering
the state of my homestead I am
fully justified in making my
present application to the Government
which I trust will receive every
consideration.

Memorandum:-

Mr. Stanley M. Clothier, of Edmonton, was allowed to purchase the fractional S.W. 1/4 North of the Lake, of section 18, township 51, range 22, west 11th Meridian, subject to his earlier his homestead patent for the N.W. 1/4 of the same section. His homestead was subsequently cancelled by default and the land has since been re-entered for.

Mr. Clothier wants to know whether he will be allowed to complete the purchase of the fractional S.W. 1/4 of the said section 18, and if not he asks that the amount paid by him on account thereof, amounting to \$20.05, be refunded.

As this sale was made subject to the purchaser earning his homestead patent, the cancellation of his homestead carried with it the cancellation of his sale, and although the sale has not yet been cancelled the lands, in my opinion it should now be cancelled and under the usual practice the money paid by Mr. Clothier should be forfeited to the Crown.

Dear Sir:

The debtor has been deceased for a considerable time and the land in question was sold to a partner on terms, there now being outstanding under the agreement for sale the sum of one thousand, four hundred and ninety-five cents (\$1495.00) which represents the only asset of the estate. At the time of the debtor's death there were taxes outstanding of five hundred and seven dollars and ninety cents (\$507.90) which have been satisfied from the funds of the estate. The land was sold on a crop share basis and being situated in a part of the Province which very consistently suffers from drought conditions it is problematical as to when payments under the agreement will be completed.

The beneficiaries of the estate are five children but although they are grown and self-supporting are in straitened circumstances and any monies realized from this estate which will re-act to the beneficiaries benefit only will be of considerable assistance to them in providing for themselves and their families.

The children have scraped together sufficient monies to tender one hundred dollars (\$100.00) in settlement of these advances which amount has been remitted for application thereon. This payment together with previous payments represents a sum somewhat in excess of the original advances and in order to assist the beneficiaries and in view of the circumstances resulting from climatic conditions in that part of the Province it is in my opinion advisable to accept this settlement. I would, therefore, recommend that the balance remaining be written off and the liens discharged.

Provincial Seed Grain advances of two hundred and one dollars and seventy cents (\$201.70) which together with interest to date amounts to four hundred and twenty-two dollars and fifty-one cents (\$422.51) have already been cancelled.

Yours very truly,

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) tend to zero as $t \rightarrow \infty$ if and only if the matrix A is Hurwitz. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not Hurwitz. It is shown that the solutions of the system (1) tend to infinity as $t \rightarrow \infty$ if and only if the matrix A is not Hurwitz. The third part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not Hurwitz and the matrix B is not zero. It is shown that the solutions of the system (1) tend to infinity as $t \rightarrow \infty$ if and only if the matrix A is not Hurwitz and the matrix B is not zero.

Sir,-

On the 28th September last I received an application from Mr. Elsworth Hills of Skatze to homestead the Frac. S $\frac{1}{2}$ of Sec. 30-45-16-W-4-M. By Head Office letter of the 25th August last, File No. 916252 I note that permission was granted to him to homestead the Frac. W $\frac{1}{2}$ and to purchase the Frac. W $\frac{1}{2}$ of this section. I presume, however, that there is no objection to Mr. Hills homesteading the Frac. S $\frac{1}{2}$ of the section and purchasing the Frac. W $\frac{1}{2}$. Kindly advise and please state what price per acre is to be charged.

homesteading. The balance of the 80 acres being shown

1. The first thing I noticed when I stepped out of the plane was the cold air. It was a sharp contrast to the warm, humid air of the tropics. I had heard that the weather in the north was harsh, but I didn't realize how cold it would be. The wind was biting, and the sun was a pale, distant orb in the sky. I wrapped my arms around myself, trying to keep warm. The ground below was a vast, flat expanse of white, stretching out to the horizon. I had never seen anything like this before. It was a surreal sight, a landscape that seemed to belong to another world. I took a deep breath, trying to take in the crisp air. It felt like I was inhaling something new, something different. I had come to a new place, a new world, and I was ready to face whatever came my way.

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. 2. The second part of the document is a series of paragraphs of text, written in a cursive script. The text is somewhat faded and difficult to read, but it appears to be a narrative or a report of some kind. The paragraphs are separated by small gaps, and the text is written in a consistent style throughout.

(Hawaii) 12th August, 1917.

Memorandum:

Re Permission granted Mr. Ellsworth
Hills to purchase the formerly sub-
merged portions of L.S. 1, 2, 5, 7,
9 and 10, the S.E. of L.S. 7, the W.E.
of L.S. 10, and the S.W.E. of L.S. 10,
containing together 197.4 acres.
Shaded in black on the sketch marked.

A Homestead Inspector's valuation was called
for respecting the lands above referred to, and under
date the 29th ultimo, Mr. Homestead Inspector Stone states:

"None of this land is dry at present
although previous to 1916 it was dry and made a good hay
meadow. Not worth more than \$4.00 per acre."

In view of the Homestead Inspector's representa-
tions, the matter was referred to the Surveyor General
who, in his report of the 27th instant hereunder, states:

"According to the Homestead Inspector's
report, this land was under water on the 29th June. This
old lake bed is evidently one which contains water in wet
years or in the early part of the season. It will dry
up again in time. On the official township plan this
area is shown as the former bed of lake now hay land.
This classification appears to be correct, and a further
investigation by a surveyor would serve as useful corroboration."

I beg to recommend that upon Mr. Hills having
filed here evidence of ownership of the patented portion of
the said section, he be permitted to purchase the parcels
in question at the Inspector's valuation and on the usual
terms of payment.

DOMINION WATER POWER AND RECLAMATION SERVICE

KGC/RLS

OTTAWA, ONT.

11th May, 1925.

Gentlemen,

Re Sec. 30 - 45 - 16 - W.4th M.

This will acknowledge the receipt of your letter of the 20th ultimo in reference to Mr. W. E. Hills' application to purchase the balance of this land which has been reclaimed through the construction of the Daysland drainage district.

When we attempted to deal with this application some time ago it was found that the Drainage Regulations did not permit the sale of reclaimed fractional areas within organized drainage districts to the owners of the balance of the land at the rate of \$1 per acre and proceedings were taken to have them amended in that respect. These amendments are now practically complete and it is expected that they will be in force in the near future, when you may be assured that no time will be lost in dealing with this matter.

Under present conditions the only way in which any portion of the land could be disposed of to Mr. Hills would be as the sale of an ordinary dried up area at a valuation which could not be less than \$3 per acre with no allowance for drainage assessment. An application to that effect would receive consideration, but it is thought that Mr. Hills will prefer to wait until the new regulations have been put into effect and take advantage of the lower rate.

Your obedient servant,

J. T. Johnston,
Director,
Water Power & Reclamation.

MEMORANDUM:-

With reference to my memorandum of the 8th January, 1908, (Marked), in relation to the conflicting claims of Mrs.F.M.Heath, and Mr.W.L.Heath, or Castigaloni, to the S.W. $\frac{1}{4}$ of Section 15, Township 29, Range 23, West of the Fourth Meridian, I beg to draw your attention to Mr.Homestead Inspector Stauffer's report which was called for, in accordance with the decision, and which accompanied the Agent's letter of the 17th ultimo.

It will be observed that the Inspector states that Mrs.Heath has improvements in the shape of a house and other buildings, and fencing and breaking to the value of \$692.00; that she squatted on the quarter section in July, 1904; resided thereon from the 12th of that month to September 16th, 1906, and from the 8th April, 1907 to the present date; that when she squatted on the property she went into partnership with Castigaloni, alias, W.L.Heath, but that the partnership was dissolved and that Castigaloni took up the S.W. $\frac{1}{4}$ of Section 20, Township 29, Range 23, West of the Fourth Meridian, as a homestead, under the name of W.L.Heath. The Inspector represents further that Mrs.Heath is a widow and had minor children up to a recent date, and that he sees no reason why she should not be granted entry; also that W.L.Heath has no claim of any kind to the property, and is not at present in the

country

country. The Inspector adds that Mrs. Heath owns the coal rights on the N. $\frac{1}{4}$ of the quarter section.

The N. $\frac{1}{4}$ ^{qu. $\frac{1}{4}$} of this section is held under lease by Mrs. Heath for coal mining purposes. (Under-rights only).

Your ref. - 1182. 7th.

I have your letter of the 17th instant, and in reply I am to state that patent for the above described quarter-section bearing date of the 10th July, 1903, is issued in favour of the above mentioned man.

In a declaration executed by Mr. Bonaparte on the 17th July, 1905, he stated that he was 30 years of age. In a declaration dated the 31st March, 1907, he gave his age as 31 years.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) tend to zero as $t \rightarrow \infty$ if and only if the matrix A is Hurwitz. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not Hurwitz. It is shown that the solutions of the system (1) tend to infinity as $t \rightarrow \infty$ if and only if the matrix A is not Hurwitz.

It is also possible that the observed differences in the response of the two groups to the different treatments may be due to differences in the baseline characteristics of the two groups. For example, the patients in the control group may have had a higher baseline level of anxiety or depression, which could have led to a greater response to the treatment.

2. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $\epsilon \rightarrow 0$. It is shown that the solutions of the system (1) converge to the solutions of the system (2) as $\epsilon \rightarrow 0$. The asymptotic behavior of the solutions of the system (1) is studied in the case of a linear system of equations. It is shown that the solutions of the system (1) converge to the solutions of the system (2) as $\epsilon \rightarrow 0$.

1. The first step is to identify the key components of the system. This includes understanding the hardware, software, and data involved. The next step is to define the goals and objectives of the project. This will help to determine the scope of the work and the resources required. The third step is to develop a detailed plan of action. This should include a timeline, a budget, and a list of tasks to be completed. The final step is to implement the plan and monitor the progress of the project. This will allow for any necessary adjustments to be made along the way.

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation $f(x) = \int_0^x f(t) dt$. It is shown that $f(x)$ is a continuous function and that it satisfies the equation $f(x) = \int_0^x f(t) dt$ for all x in the interval $[0, 1]$. The function $f(x)$ is also shown to be differentiable and that its derivative is $f'(x) = f(x)$.

1st April, 1900.

Honorable Sir :

Referring to the letter from Mr. J. W. Greer, Esq., attached to this file, it would seem from the papers that he is not entitled to a letter of introduction and therefore he could not be permitted to secure the land taken up by his son, part of the S.E. 1/4 of Section 16, Township 19, Range 13, West 4th Meridian, T. 19, R. 13, W. 4.

If his son left the land and did not intend to fulfill the duties of a settler, no certificate should be taken and the Inspector's report of the land should be directed to be collected for the benefit of Mr. Greer, Senior, if he can get the land and if these improvements were made on the land by his son, the land would be sold to him and he would have a report from the Inspector of the land.

Respectfully submitted,

J. W. Greer, Esq.,

Commissioner of Indian Lands,
Ottawa.

14th June, 1905

Memorandum:-

I beg to submit the application of John Gray:-

It appears that on the 15th of July 1904, Mr. Gray applied to purchase his son's homestead, the South East 1/4 of Section 16, Township 29, Range 25, West Fourth Meridian, and in a subsequent letter stated that he had had all the homesteads he could get in Manitoba, and had spent over \$1000, and a year's hard work upon this land.

The young man abandoned his entry on the 1st of April 1905, and you instructed the Agent to obtain a valuation from the Homestead Inspector.

The Inspector, under date the 20th of May 1905, states that the Assistant to the Inspector of Lakes, found John Gray in residence, having been there continuously since the 4th of July 1904. That the homesteader had resided on it from the 4th of July 1904, until the 1st of October following, when he left the country with no intention of returning. That Mr. Gray, Sr., erected the following buildings. - A frame house, stable, cattle shed, besides breaking 1 1/2 acres, and erecting 1/4 mile of fencing, also that he has 150 head of stock. Mr. Helmer thinks the land worth \$4 an acre.

It had previously been suggested that Gray might have a son old enough to take up the land, but he says that this is not the case.

Is it your intention to sell the land to Mr. Gray, and if so, at what price.

Respectfully submitted.

J.W. Greenway, Esq.,

Commissioner of Dominion Lands.

Deputy Minister

Dear Sir

With reference to your letter of June 19th giving me permission to purchase the S. E. quarter Sec. 16-29-23 W. 4 N. I was very thankful to you & I went up to Calgary to pay purchase price, but Mr Sutherland thinks you did not mean what you said in your letter & that you m^d. intended me to get 1/4 of the 1/4. Now I wish to say that part of the quarter would be no use to me as two thirds of it is cut bank & there is only about 1/4 acres of level land on the whole 1/4 & 1/4.

require that amount of land
to feed my cattle on in the
winter as I have about 300 head
of cattle & 100 horses.
After getting your letter I made
a lot more improvements I have
it all finished & have worked
hard this summer making
roads in it. As I could not
possibly live here if I had not all the
4 dec but would have to move out
if any one else came on it with me.
I hope you will instruct Mr
Sutherland so he can put no
more obstacles in the way.
Yours very sincerely

Sometime ago I write to the Bank of Montreal
inquiry regard to the Homestead Entry of Bert Grady.
After giving me the desired information referred me to
in case I should have occasion to call upon an attorney.

I am contesting the Homestead Entry of Bert Grady
which was made here, on the ground that this was not his residence
and that he had at the time of making this entry, another home-
stead in Alberta.

Now what I want is a certified copy of Mr. Grady's
affidavit and all other papers in your Land Office regard
to his Hd., a certified copy of all records in the office and
a copy of the law of Canada or Alberta, province, under which
this Homestead is entered, and the law under which he must
make it of:

If Mr. Grady is not now a citizen of Alberta, I am con-
vinced that he must become such before or at the time when he
makes his final proof or entry and he can not be a resident of both
the same time.

If these records have been certified by your local
officer, they should be certified as correct and the signature
of the officer should be certified under the seal of the province
as has power under your laws to certify.

I shall have to trust to your good judgment and discretion to fix this evidence so that our officers will have to recognize it.

I note that you represent Bartindale's Agency at your place and I am writing you as such since I write the law for them in Wyoming.

I enclose Draft for \$15.00 which I think will pay for records and leave \$10.00 for you and if this is not right will send some more.

Write me promptly and let me hear from you.

Very truly yours,

IN THE MATTER of the North-East quarter of section 20 in township 49 in Range 1 West of 4th meridian, the homestead of the late E.L. Burdett.

.....

I, Eliza Smith Burdett of the town of Lloydminster in the Province of Saskatchewan, widow, solemnly declare -

1. My late husband Edgar Louis Burdett and John Sidney Tyler formerly carried on business in Lloydminster in the Province of Saskatchewan as general merchants and also owned jointly several pieces or parcels of real estate.
2. The said John Sidney Tyler died in the year 1908 and his father, Josiah Tyler of Stafford in the County of Stafford in England, was appointed administrator of his estate by the Surrogate Court of the Judicial District of Saskatchewan.
3. The said Edgar Louis Burdett died on the 14th day of August 1919 and I was appointed administratrix of his estate by the said Court.
4. After the death of my said husband I had very considerable difficulty with the said Josiah Tyler with reference to the winding up of the partnership estate of Burdett & Tyler ~~at~~. At that time in consequence of the death of ~~my husband~~, who was killed by lightning, and business troubles through the pressure of ~~conditions~~ ^{the Tyler} of the firm, I was in a depressed state of mind and weak health, and Josiah Tyler tried to take advantage of my position and state of health, and made various remarks in the nature of threats as to the winding up of the firm's estate and as to the financial position in which I should be left, and in consequence of this he had considerable influence over me, and then he proposed a division of the estate with a view of my taking the business, which I was very desirous of doing to obtain a living for myself and children, and he having no interest therein, I consented. He drew up the document which purported to be an agreement for the division of the estate in which it was mentioned that he, the said

Josiah Tyler, should take the homestead of my late husband, the said Edgar Louis Burgett, namely, the north-east quarter of section 20 in township 49 in range 1 west of 4th Meridian. At the time I signed the said document, namely on the 7th day of November 1909, I was not aware that such agreement, amounting to an agreement to transfer the said homestead, was illegal and I acted entirely in ignorance of the law.

2. Some time after the 7th day of November 1909 I informed a solicitor, Henry Glad Lisle of Lloydminster aforesaid, of what I had done and showed him a copy of the said document. He at once told me that the said document was completely illegal as far as it concerned the agreement to transfer the said homestead and that I must repudiate it. I thereupon instructed him to write to Josiah Tyler to repudiate the said document. I was afterwards informed by the said Henry Glad Lisle that he had written to Josiah Tyler in strong terms repudiating the document, but that the said Josiah Tyler had not replied.

3. Since the said repudiation by the said Henry Glad Lisle on behalf the said document purporting to be an agreement to assign the said homestead has been repudiated by myself and the said Josiah Tyler as of no effect and void, and the partnership estate of the said late firm of Burgett & Tyler has been dissolved and split with without regard to the said document and without taking into consideration the said homestead or giving to the said Josiah Tyler any present or future interest therein.

AND I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Oaths Evidence Act.

THE UNIVERSITY OF CHICAGO PRESS

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the past for a variety of reasons. Some are interested in the past because they want to know what happened and why it happened. Others are interested in the past because they want to understand the people who lived in the past and how they thought and felt. Still others are interested in the past because they want to learn from the mistakes of the past and avoid them in the future.
